Summary

I'm a frontend web developer passionate about crafting exceptional, user-centric websites that people love to use. With 8+ years of experience in the tech, healthcare and aviation industries, I've built a reputation for helping companies create digital experiences that resonate with users, foster meaningful engagement, and ensure customer delight.

I've worked in both corporate environments and agency settings and consider myself to be an avid learner who always seeks out new opportunities that challenge me to grow my skill set.
